

Thirsty Lizard

Sometimes as our vineyard workers go about their work, they come across "Larry", a thorny devil lizard, that has made our vineyard his home. A self confident sort of individual, Larry's always keeping his eye on what's going on. Occasionally when it gets a little on the warm side, Larry sidles into the barrel hall looking for something to drink, that's when you hear the call "Watch Out, Thirsty Lizard".

WHITE SHIRAZ 2005

The 2005 growing season in the Swan Hill region of Victoria delivered typical crop levels of full, ripe fruit. The grapes were picked when they had reached an optimum of colour and fruit flavour.

Our White Shiraz is made by draining off the juice from the Shiraz fruit skins not long after the grapes are crushed. The style is fresh and crisp. It's not too sweet. A great pre dinner sip straight from the fridge.

TECHNICAL INFORMATION

Alc / Vol	: 13%
Total Acid	: 5.5g/l
PH	: 3.31
